Paul, the thirteen months old son of Mr. and Mrs. J. R. Treat, died Monday after a short illness of cerebral meningitis. Mr. Treat was in San Francisco at the time of the death of the child but returned Wednesday morning. The funeral was held from the residence of the family Wednesday afternoon. The family have the sympathy of the community in their bereavement.

D. B. Stewart, one of the leading citizens of Fredonia, was here during the week on mining business. He says that part of the county is prospering, and with the opening of the copper mines in the Buckskin mountains it will be lively in that section. The mines are for the present closed down and will not be worked during the winter. Operations will be resumed in the spring, when about 150 men will be employed.

The coal miners of Gallup who are in the employ of the Colorado Fuel Company, are on a strike. There are 500 miners in the employ of the company and they say the strike was forced upon them by the unjust action of the company. The mine owners are trying to replace the striking employees by miners from other places, and they are feeding sixty miners from California because they do not think it safe to take them to Gallup while the present state of things exists there.

The making of boxes is an industry that but few of our citizens know exists. The factory is filled with every kind of labor-saving machinery known to the trade.

Divine Healer Schraeder spent a day here this week. He had a good many callers, and no miraculous cures have been reported. Schraeder is no doubt a first-class imposter, and uses the renown of the late Francis Schlatter to further his own money-getting purposes. Schlatter never took money from either rich or poor, while Schraeder must have it or his so-called power fails to materialize.

## Died from His Injuries.

R. J. Watson had his right leg cut off just below the hip at Williams on Sunday night while trying to ride the trucks on passenger train No. 2. He was cared for by Dr. Rounseville, who accompanied him here on a freight train, and Watson was placed in the county hospital. Dr. Robinson was called and the leg was dressed, but the unfortunate man died shortly after the operation. From letters found in the pockets of deceased it was learned that he was from Oregon. Mo. Sheriff Johnson telegraphed to that place and received a reply to forward the body to Forrest City, Mo., but they failed to guarantee the charges of Undertaker Whipple and the body remains here awaiting further orders from the relatives of the deceased.

## The Buckskin Mountain Mines.

Lawrence P. Boyle, a prominent attorney of Chicago, Ill., spent several days here during the week, leaving Friday for Chicago. Mr. Boyle is representing the Coconino syndicate who have copper mines on top of the Buckskin mountains in this county. There is abundant mineral in these mountains and the Petoskey and the Coconino syndicates have, during the past year, done a large amount of development work, and have a smelter and a leaching plant in operation. Work on these properties has been discontinued for the winter, but will be resumed again as soon as the weather will admit in the spring. The mines are about one hundred miles north of here, but owing to the Grand Canyon of the Colorado lying between, all supplies must be freighted from Utah points 150 miles to the mines. Mr. Boyle is trying to induce the government to build a trail down to the river on the north side to connect with some one of the trails on this side. Mr. Boyle and J. H. Lind of this place are old schoolmates. Both were raised in the same Indiana town but they had not until this week met in years.
